

Dear Breeder

We are excited to be able to offer our best proven cows to you. Increased embryo transfer programmes and good pregnancy test results over recent years mean we can offer this group of cows without impacting our ability to service our bull clients' needs over the forthcoming years.

We will be offering all females over 3 years old. That is all females born during and prior to 2021.

These females will be PTIC to industry leading sires including:

Tobruk Southern Cross S015 – Australian record priced yearling bull purchased for \$91,000. He is breeding exceptionally well and has an uncanny data set, being a trait leader for birth weight and 200,400 and 600 day wt. He is also top 1% for carcase wt and EMA.

Days Landlord T064 – Half share sold to Talbalba Herefords. This athletic super sire is already a trait leader for 200,400 and 600 day wt. We look forward to the impact he will have on our herd.

Days Milestone S138 – Another Herefords Australia super sire who's impressive EBV's include top 1% milk and scrotal size and top 5% EMA and IMF.

Days King Pin T168 – The TH Masterplan son we chose to keep. He is also a trait leader for 200,400 and 600 day wt. This visually muscular sire is a maternal brother to King Pin Q201 who was a heifer specialist.

More details to come at a later date.

Please contact Lachy on 0428521630 if you have any questions.
